**Mrs. Hovis’s Kindergarten Class**

Greetings from Mrs. Hovis’s kindergarten class! We are so excited about learning this year! With 27 eager-to-learn students in our class, there is never a dull moment! We have already learned so many new and exciting things to help “grow our brains”. We have also worked very hard on following the rules, learning about how to treat others, and our daily kindergarten routine.

Each day we focus on many new concepts. We have learned about numbers and quantities in our math curriculum. In reading, we are learning about sounds that the letters make, blending those sounds to make words, rhyming, and counting the sounds and syllables we hear in words. We have

also been reading, reading, reading!! Learning about how good readers think about characters and setting, retell the stories they read, compare and contrast details in the story, and classify information are just a few of the concepts we have already begun learning about this year.

As November begins, we can say the first quarter has flown by for us in kindergarten for sure! As the saying goes, “Time flies when you’re having fun!” We would agree! Kindergarten is a great place to learn and play! Stop by and see us anytime, we are always excited to show everyone what “SMARTIES” we are!

*Happy Thanksgiving!  
To You And Your Family*

USD 270 held a crisis training event on October 25, during an in-service day. Members from the Plainville Police Department, Stockton Police Department, Rooks County Sheriff's Department, Rooks County Attorney's Office, Emergency Management, and KS Highway Patrol joined the Plainville faculty and staff to review crisis procedures in the event of an emergency. After an informational crisis presentation, school personnel engaged in hypothetical scenarios that would endanger students and staff, while members of the local emergency system responded to the situations. This training allowed everyone involved to evaluate our crisis plans and to discuss appropriate responses. It was an excellent opportunity to work together as we strive to do whatever it takes to keep our students, staff, and community safe.

The district has a Crisis Team that meets throughout the year to discuss the crisis needs of the district. One of the goals of the Crisis Team is to prepare crisis kits for each of the classrooms. Students who are involved in the "Teaching as a Career" pathway are in the process of researching emergency kits. They are working on a grant that would provide financial support for the purchase of multiple kits. According to their teacher Mrs. Krob, the students are excited about the project and hope to present the teachers with the kits so the teachers know, "...they are cared for and appreciated by the students".

Another security change at USD 270 is the addition of staff badges. Every staff member has a photo identification badge to wear during the school day. This helps to identify individuals in the event of a crisis. When guests visit our buildings, they are required to check in the office. Wearing a "Visitor" badge helps us on a daily basis to verify and account for each person in our buildings.

Student safety has always been a top priority for USD 270. We are thankful to have the opportunity to work with our local agencies to determine the best ways to keep our students and staff safe. We appreciate your support for this ongoing process in our district.
