

2020-10-30

We have seen an increase in positive cases within our county. The absenteeism rate remains low (2.3% above baseline from 2019-2020). The positive testing rate has remained stable from last week. There is an increase in the incidence rate in the county, so we are monitoring numbers closely.

We plan to **continue in-person learning for the week of November 2-6, 2020**. If there is any adjustment required to the learning setting due to concerns in the schools, we will update your family quickly following a decision.

Masks, social distancing, and limited attendance will be practiced at all events. Please contact your school district for specific information and for ticket availability.

We appreciate the support of the community as we work through these issues each week. It is important for us to work together to keep our students, staff, and community safe. Your efforts are noticed and appreciated. Please let us know if you have any questions or concerns.
