

2021-4-16

Rooks County currently has no active cases of COVID-19 in the county. School districts will continue **in-person for the week of April 19-23, 2021**. If there is any adjustment required to the learning setting due to concerns in the schools, we will update your family quickly following a decision. Thank you for everything you are doing to keep our students in school and our community in a healthy place.
